PROFESSIONAL SKILLS

- User Research
- Wireframing
- Prototyping
- Design Systems
- Auto Layout

LANGUAGES

- English
- Kannada
- Hindi

SOFT SKILLS

- Communication
- Collaboration
- Problem Solving
- Empathy
- Adaptability
- Attention to Detail

ACHIEVEMENTS

- Won **First Prize** in Circuit Symphony Expo organized by the Department of Information Science & Engineering.

COURSES AND WORKSHOPS

- Data Analytics and Visualization provided by Accenture.
- The Complete Oracle SQL Bootcamp certification by Udemy.
- Postman Classroom Program conducted by Centre for Open-source Software and Hardware, NITK Surathkal.

EXTRA CURRICULAR & HOBBIES

- Event Coordinator for Arduino-Uno conducted by Dept. of Information Science & Engineering.
- Coordinator of Palette Club (Art Club), MITE
- Editor of Department Magazine Arise, Vol 8.
- Pencil Sketch Artist, Videography, Gardener

PROJECTS

Eventra — Event Discovery & Booking Platform

- Designed a comprehensive event discovery platform with 25+ mobile screens, covering event browsing, ticket booking, organizer profiles, and personalized recommendations.
- Created end-to-end user flows, information architecture, wireframes, and high-fidelity prototypes to improve event discovery and booking experience.
- Built a consistent design system with reusable UI components, ensuring accessibility, visual consistency, and scalable interface design.

Busflow — Public Transport Navigation App

- Designed a smart public transport application that helps users quickly find nearby bus stops, routes, and estimated arrival information with minimal user input.
- Simplified the user journey by reducing the destination search process to a few intuitive steps, improving navigation efficiency and usability.
- Developed user flows, interactive prototypes, and reusable UI components while following mobile-first design principles.

Parkspot — Parking Management Application

- Designed a smart parking application that enables users to locate, reserve, and navigate to available parking spaces with ease.
- Created intuitive user flows, responsive interfaces, and interactive prototypes to deliver a seamless and user-friendly parking experience.

EDUCATION

Bachelor of Engineering 2022- 2026

Information Science & Engineering

Mangalore Institute of Technology & Engineering, Moodabidri, Dakshina Kannada dist., Karnataka
7.65 CGPA

Senior Secondary (12th) 2020- 2022

SDM PU College, Ujire, Dakshina Kannada, Karnataka, 70.00%

Secondary School (SSLC) 2019-2020

Sacred Heart High School, Madanthayar, Dakshina Kannada, Karnataka, 74.08%

EXPERIENCE

Accolade Tech Solutions Pvt. Ltd.

UI/UX Design Intern

February 2026 - May 2026

- Designed 60+ responsive web and mobile screens in Figma for multiple client projects, delivering intuitive, user-centered interfaces aligned with business requirements.
- Created 50+ wireframes, user flows, and interactive prototypes, accelerating design validation and enabling faster stakeholder feedback cycles.
- Collaborated closely with clients and cross-functional teams to translate complex requirements into intuitive UX solutions, reducing revisions and improving design accuracy.
- Worked alongside developers throughout implementation to ensure pixel-perfect execution, design consistency, and adherence to established design systems.
- Contributed to 4+ real-world client projects, enhancing usability, accessibility, and visual consistency while maintaining a scalable and reusable component library.

DECLARATION

I hereby declare that the information provided above is true and correct to the best of my knowledge and belief.
